DOMINION DAY SPORTS

BIG DAY EXPECTED IN RED DEER ON MONDAY

The first of July falls on a Sunday this year and Monday, July 2nd, will be celebrated as Dominion Day throughout the Dominion of Canada. Everybody turns out with flags and bunting and make this year's celebration the biggest and best ever.

The celebration in Red Deer is under the auspices of the Board of Trade and no pains or trouble have been spared to make the community picnic and sports day go over the top. Four entries have come in for the community baseball, namely, Horn Hill, Penhold, Shady Nook and Willowdale, and the draws have been made. Shady Nook and Horn Hill will play at 10.30 a.m., and Penhold will clash with the Willowdale ball tossers at 1.30 p.m. The respective winners will play off at 4 p.m., and it is safe to say that the world's finals will have nothing on this game. Suitable baseball games donated by local merchants will go to the first and second teams.

A large card of foot races for children, ladies and men, has been arranged, and will start at 1.30 sharp, the children's races to be first run. There will be at least thirteen events in the foot races alone and these will be run off without intermission until completed. The races so far arranged are as follows:

1—Girls Race, under 8 years (50 yards), 1st, doll; 2nd, ball.

2—Boys' Race, under 8 years (50 yards), 1st, doll; 2nd, ball.

3—Girls' Race, 8 to 12 years, (50 yards), 1st, doll; 2nd, ball.

4—Boys' Race, 8 to 12 years (75 yards), 1st, Scout knife; 2nd, baseball.

5—Girls' Race, 12 to 16 years (50 yards), 1st, necklace; 2nd, brooch.

6—Boys' Race, 16 to 18 years (100 yards), 1st, sweater; 2nd, ball mitt.

7—Ladies' Freehold (75 yards), 1st, girlie; 2nd, perfume.

8—Ladies' Race for 12 to 16 years, 1st, sweater; 2nd, bathing suit.

9—Married Women's Race (75 yards), 1st, glove; 2nd, silk hose.

10—Ladies' Race, open, 1st, suit case; 2nd, watch chain.

11—Men's Walking Race (Half Mile) heel and toe, 1st, ton of coal; 2nd, pair of silk hose.

32,894 WET MAJORITY IN MANITOBA WITH 168 POLLS YET TO REPORT

So Far 157,008 Ballots Are Counted; Winnipeg Majority Was 25,882.

Winnipeg, June 26.—With 164 rural polls still to be heard from, the majority for the moderate league's bill for government control of liquor, polled in Friday's referendum, stands at 32,894. The vote was: Wet, 94,950; Dry, 62,056.

Vote by Constituencies
Of the constituencies from which complete returns have been received the following are definitely in the wet column: Assiniboia, Birtle, Brandon, Dauphin, Herby, Morden, Rhineland, St. Boniface and Winnipeg. The following voted dry: Arthur, Carleton Place, Dufferin, Gilbert Plains, Glenwood, Hamilton, Killarney, Manitoba, Neepawa, Portage la Prairie, St. George.

According to incomplete returns from the following constituencies, the following are definitely in the wet column: Assiniboia, Birtle, Brandon, Dauphin, Herby, Morden, Rhineland, St. Boniface and Winnipeg. The following voted dry: Arthur, Carleton Place, Dufferin, Gilbert Plains, Glenwood, Hamilton, Killarney, Manitoba, Neepawa, Portage la Prairie, St. George.

CRICKET
The regular meeting of the City Council was held on Monday night in the Council Chamber, when the Mayor, Commissioner Stephenson, and Aldermen Johns, McClellan, Gibson, and Smith, were present.

LOCAL NEWS

FOOTBALL ON THE 2nd

To date there have been only two entries for the Citizens' Cup. Nordberg sent in a very strong team five years ago and recently defeated the cup. Their contenders will be Parkhill, a second division team from Calgary. This will no doubt make a very good game. It is not likely that Red Deer will enter a team, as no one has turned out to the practices and a team could not be fielded that would be a credit to the city.

HIGH SCHOOL PROMOTIONS

GRADE IX TO GRADE X.
Subject to the approval of the Department of Education, the following pupils are promoted from Grade IX to Grade X:

Agnes Anderson
Bridget Anderson
Edna Brainer
David Collison
Helen Fisher
Muriel Fisher

ONTARIO CONSERVATIVES WIN

Premier Drury Swept From Power By Avalanche of Votes—Conservatives Made Total Gain of 54 Seats—Drury Loses Seat

Toronto, June 26.—The latest check-up of the returns from the Ontario provincial election, with only the riding of Lincoln to hear from, show that the Conservatives will have a total representation of seventy-five; Liberals, fifteen; U.F.O., thirteen; Labor, four, and Independents one.

The Conservative party made a total gain of fifty-four seats, taking thirty-one from the U.F.O., fourteen from the Liberals, eight from Labor, and one from the Independents.

Coinciding with the sweep of the Farmer-Labor party from power, the western part of the province was visited by the worst electrical storm of years. The heavy rain, with winds of miles of telephone and telegraph poles, as well as causing much other damage.

WEDDING BELLS

READ-McLENNAN

At the Manse, Red Deer, at high noon on Wednesday, Miss Marie MacLennan, daughter of Mr. and Mrs. Peter MacLennan, near Blackfalds, was united in marriage by Mr. Brown to Thomas William Read, of the same place. The bride and groom were accompanied by the bridesmaids, Misses Helen Underhill and Miss Helen Underhill, and the groomsmen, Messrs. John Underhill and John Underhill. The ceremony was conducted by the Rev. A. D. Knox, C.M.

EDWELL

THE LATE MRS. CODE

After several years of suffering, borne with Christian fortitude, Mrs. Eliza Code, 82, of this city, passed to her long rest on Thursday last, June 21st, aged 82 years and three months.

Deceased was born in Carleton Place, Ontario, her maiden name being Eliza Code. She was married to the late Eliza Code about 51 years ago. They came west with their family in 1892, and took up a farm in the Springvale district, where they lived the last years of their life. She was a devoted wife and mother, and was assisted in making Albin what it is today. Ever loyal to their God, their king and their country, she was remembered by the old-timers of the district with respect.

PENHOLD NOTES

Mrs. H. Duncan, of Inglewood, has been visiting Mrs. Halse, left on Monday to settle her business in Inglewood after which she proceeded to Brockville, Alta., where she has secured a position.

Mr. and Mrs. M. N. Main, nee Beryl Pys, returned to Penhold on Friday. They will be at home to their friends in Drumheller on and after July 1.

Geo. Conte returned from his hospital on Sunday.

The three days' rain went against the Presbyterian anniversary supper on Monday, and they had a slim turnout. In the evening alone few were out, which was too bad for the lantern slides were most instructive and interesting. The children especially were so excited that their part that they couldn't sit still.

On Sunday the Rev. Haestis, Secretary Lord's Day Alliance, preached at both services of the Presbyterian church to a most attentive audience.

The evening he spoke on "Satan's observation and explained his society's part in it. The church was prettily decorated with flowers and the special music for the day was much enjoyed by all.

Next Sunday will be patriotic Sunday, and the Sunday school and church will combine services at 11 a.m.

Margaret Dixon is improving rapidly, and was able to write her conditional subject on Tuesday.

Movies in the hall on Saturday—Harry Carey in "Man to Man," also "Hunting Bones in the Red Deer Valley."

Unbreakable watch crystals—See H. H. Hummer, Jeweller.

"It pays to save cash," at market stall. Saturdays only. Opposite Brazier's.

CONDOR NEWS

How history repeats itself. We are reminded every day of the days of Noah. On Thursday night it rained an inch. Still there is a difference, for the waters were not so deep as now, and perhaps the modern Noahs will behave themselves.

We watched the water rise in the creek, and a very conservative estimate placed the water at a depth of one hundred and fifty dollars. Three shipments a week of this kind would be a little better than Condor.

The Council agreed to grant the request of the Board of Trade for a new building for July 2nd on condition that everything shall be ready by the 1st of July. A financial post, a McLean publication, would invite the city to advertise in the paper.

RUPTURE EXPERT HERE

Seeley, Famous in This Specialty, Called to Red Deer.

F. H. Seeley, of Chicago and Philadelphia, the noted truss expert, will personally be at the Arlington Hotel and will remain in Red Deer Friday only, June 29. Mr. Seeley says: "The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in ten days on the average case. Being a vast advance over all former methods—emphasizing instantaneous effects—immediately appreciable, and withstanding any strain or position no matter the size or location. Large or difficult cases, or incisional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, incisions, medical treatments or prosthesis. Warning—All cases should be cautioned against the use of any elastic or web truss with underpadding, as same rest where the lump is and not where the opening is, producing complications necessitating surgical operations. Mr. Seeley has documents from the United States Government, Washington, D.C., for inspection. He will be glad to demonstrate without charge or fit them if desired. Business demands prevent stopping at any other place in this section.

P.S.—Every statement in this notice has been verified before the Federal and State Courts—H. Seeley, Home Office, 117 N. Dearborn St., Chicago.

RED DEER U.F.A.

At the regular meeting of the Red Deer U.F.A. Saturday, June 16, with President H. Wallace in the chair, and Mr. W. H. Evans, secretary, Mr. Van Styke, of the Twine committee, gave his report on arrangements made with the local dealers, whereby a reduced rate would be given by the U.F.A. and by Mr. Wallace on all orders handed in through the local secretary. An order sheet will be left at the Live Stock Shipping Association office, Red Deer, or members can phone the secretary at 18186. The U.F.A. will handle manilla or Bradford twine. Messrs. John White and W. H. Evans were appointed delegates to the Central Alberta Live Stock Shipping Association meeting to be held in the city hall, Red Deer, on Tuesday, July 3, at 1:30 p.m.; and also delegates to the Red Deer U.F.A. Provincial Political Association meeting to be held in the K.P. hall on the evening of the same day.

The Provincial Secretary U.F.A., shared the local for membership dues and contribution to deficit fund. At the present time, he said, they had reduced expenses so that they were now living well within their income, and the \$10,000 deficit on June 1, 1923, had been reduced to \$6,500.

Mr. W. D. Trego, Gleichen, forwarded circular re seed corn and peas; Madeline Jeters, corn cultivators and corn binders.

The Plente committee reported on the date of the picnic to the Lacombe Experimental Farm—Friday, August 10th.

Professor (in zoology laboratory): "What insect lives on the least food?" Bright Pupils: "The moth. It eats holes."

WEEKLY NEWS LETTER

Issued by Publicity Commissioner, Government of Alberta, Edmonton.

High Point for Irrigation Bonds—A high point was reached the past week in offers for irrigation bonds, when an issue of \$100,000 of United irrigation district bonds was sold by the provincial government to the British American Bond Corporation of Vancouver for 105. The issue, which carries the government guarantee, was put through by the provincial treasury in behalf of the board of trustees of the irrigation district. This sale completes the issue of \$500,000 for this district. A sale was also made of \$200,500 of New West irrigation district bonds at 102.81.

Farmerettes Visit Province—On a tour of Western Canada which is part of a scholarship provided by the Canadian National Railways, for proficiency in agriculture, four young farmer girls from England visited the capital the past week. They are Miss Joan Moore, Leicestershire; Miss Fry Townsend of Surrey, Miss Mildred White of Devonshire, and Miss Emma Absolon of Middlesex. Accompanied by Miss Wolfe Murray, a young woman journalist from London. During their visit in Edmonton the young farmerettes paid a visit to the University Farm and also to the Government Farm at Lacombe. They will be given a short course at Manitoba Agricultural College and also at the University of Alberta, having been brought out by President Beatty of the C.P.R.

Public Welfare Nurses—The districts of Drumheller and Vegreville have now made arrangements to employ the services of public health nurses in accordance with the offer of the provincial government to bear half the cost, the municipalities concerned bearing the other half. The various municipal and village councils concerned in the above districts have ratified the arrangement. It is expected that other districts in the province will follow suit shortly.

New Long Distance Record—Long distance telephone communication was established between Alberta and Winnipeg the past week when, in a test made at Calgary, Geo. Headley, acting premier, spoke to phone commissioner Lowery of the Manitoba government. The test was satisfactory in every way. This is the first time such phone connection has been established.

Toronto to Peace River by Car—On his way to Peace River, where he will take up farming, R. Servant and his family of five passed through Edmonton the past week, having driven all the way by motor.

Successful Strawberry Growing—A Raymond, Alberta, woman, Mrs. Holmes, has been making a success of a half-acre of strawberries, from which she has netted as high as \$400 in one season. Strawberries are now raised to a considerable extent in various parts of the province.

Poultry Marketing Branch—A branch of the provincial government egg and poultry marketing service has been opened at Lethbridge.

Opening of Banff Road—The official opening of the new Banff-Windermere Highway, which is the first highway to be completed over the Canadian Rockies, and the last link of the grand circle international tour, will take place on June 30, the Lieutenant-Governor of Alberta and British Columbia officiating. Arrangements are being made to handle a large number of visitors, many of whom will be from the other side of the border.

Heavy Rainfalls—In the past week, heavy rains have been recorded at several points in the province, and the general moisture conditions over the entire province continue to be very satisfactory. During the week the weather bureau recorded rainfall at the following

points, up to Friday noon:
Foremost, 3.51 inches; Macleod, 2.70 inches; Lethbridge, 4.01 inches; Medicine Hat, 2.42 inches; Calgary, 1.28 inches; Empress, 1.36 inches; Youngstown, 4.31 inches; Red Deer, 1.39 inches; Drumheller, 7.0 of an inch; Stettler, 1.33 inches; Vegreville, 2 inches; Edmonton, 26 of an inch; Lloydminster, 31 of an inch; Coronation, 31 of an inch. Rains were also reported at Peace River and Berwyn.

Increase in Creameries—Fifteen more creameries have been put into operation in Alberta this year than were in operation last year. There are now 69 of these in place of 54 last season. There are 13 cheese factories in operation this year also.

Wheat Board Abandoned—It has been announced from Winnipeg that Premier Greenfield and Premier Dunning of Saskatchewan have abandoned their efforts to organize a wheat board under legislation passed by the federal and provincial governments. It was stated that it was found impossible to secure responsible men to accept membership on the board. The action of Manitoba in declining to pass similar legislation to that of Alberta and Saskatchewan made it more difficult to organize the board, it was stated.

PROVINCIAL ITEMS

Extensive plans are under way for the summer reunion of the O. S. A. Alumni Association, which will be held at the school, July 19th and 20th. A good programme is being arranged, and all students and ex-students are invited to attend, as is also anyone else who is interested in the work of the school—Olefs Gards.

At a straw vote taken in Carstairs on July 16th, the following was used in November, "D" had a substantial majority.

The City Council of Wetaskiwin decided not to charge the Chautauqua guarantees a license this year.

Word has been received in Innisfail by Dr. Turner of the death of his father at Carleton Place, Ontario.

Plans are completed for the big Swede picnic at Camrose on June 27th.

Moving pictures of the world's championship basketball game have been shown in Edmonton and other places.

Carstairs will hold a big Stampede on August 1st.

The Sundre Stampede is reported to have been a big success, especially for a small rural establishment. Contestants were present from many points in the province. Two riders were unfortunately hurt on the second day.

Pigeon Lake lots will be sold by auction at Wetaskiwin.

The Booster reports work has been started on the market building in Strathcona.

Considerable praise for the manner in which Alberta municipalities have put their financial affairs into good shape, was given the past week by the convention of bond holders in Winnipeg. With one exception, it was stated Alberta now presents a clean sheet so far as the bond holders of municipalities are concerned.

Went was reported to be heading out on June 19th at Lloydminster.

George Rosenfeld, of near Cowley, was drowned in the Castor River on June 15th. He was trying to ford the stream near his home. He leaves a wife and child.

The recent heavy windstorm that swept part of Alberta and Saskatchewan did great damage to buildings at Minibey, Leduc and other points.

From reports gleaned from papers of various districts, the recent U. P. Sunday services were very well attended wherever they were held.

M.D. OF ARTHUR NO. 340

A meeting of the Council of the Municipal District of Arthur, No. 340, was held on June 9, with all members of council present.

Moved by Oakes, that each Councilor be a committee in his division to handle the non-resident tax question. Carried.

Moved by Hibbert, that unsold C.P.R. bonds, as appeared on, be assessed at \$14.50 per acre (20 year clause). Carried.

Moved by Quantz, that the secretary write the Red Deer Memorial Hospital that the Council accept responsibility for the C. P. Robinson account of \$60, and offer \$200 payment in full of the Howard Buzze account. Carried.

Moved by Quantz, that H. M. Russell's resignation as pondkeeper in Division 5 be accepted. Carried.

Moved by Nolan, that \$100 be refunded the \$6 paid by the Soldiers' Settlement Board, and that the Hall Insurance Board be notified so that they may send cheque to M.D. 340. Carried.

Moved by Quantz, that the taxes be cancelled on such lands as have reverted to the Crown. Carried.

Moved by Oakes, that the secretary notify Messrs. Lind and Llewellyn to remove fences across road allowance within 30 days, and to ask John Wilson to consent to open gates for a period of thirty days. Carried.

Moved by Nolan, that the road between sections 15 and 16-36-27, W. 4th, be ordered opened within 30 days. Carried.

Moved by Nolan, that a grant of \$60 be given to the Milnerton Agricultural Society, \$50 to the Innisfail Agricultural Society, and \$20 to the Bowden Agricultural Society. Motion lost; for Nolan and Oakes; against Quantz, Parcells, Moffat and Hibbert.

Moved by Nolan, that the Reeve be paid \$6 per day for attending meetings. Carried.

Bills: King's Printer, \$25.05; Province, \$17.25; Tribune, \$17.25; Advocate, \$17.50; Alberta Pacific, coal, \$19.70; Province, \$3.60; Western Municipal, \$3.60.

The registrar of a well-known clinic, who was taking a colored patient's life, history, tells the story: "Have you any children?" "No'm." "Did you ever have any?" "Yes'm. Ah had three children, but Ah lost 'em." "You mean they are dead?" "Yes'm. Day's dead—all dead." "How dreadful! What did they die of?" "What dey die of? Laws, I don't know! Jest a l'il cold, a l'il sore throat. 'Twasn't nothin' serious. Nothin' serious!"

SPECIAL FARES

TO

CALGARY EXHIBITION

JULY 9th to JULY 14th

GOING DATES—July 7th to July 13th and July 14th for trains arriving Calgary before 2 p.m.

RETURN LIMIT—July 16th, 1923.

Information and Tickets from
D. J. GUNN, Ticket Agent,
Red Deer.

STAMPEDE, EXHIBITION and BUFFALO BARBECUE CALGARY, JULY 9th to 14th

To surpass the great Calgary Stampedes of 1912 and 1919. Celebrate the opening of the Banff-Windermere Highway.

Opens Monday with a stupendous Stampede Parade; closes Saturday night with a Buffalo Feed, cooked in deep pits over roaring fires, in true old-time style.

Canadian Champions and Provincial Champions in cowboy sports will be crowned. Wonderful list of cash and special prizes, including the Prince of Wales prize, a sterling silver horse. Beautiful trophies from Mary Pickford and Douglas Fairbanks.

Old Timers' Re-union. Real Western Village with Indian chiefs, braves, squaws; Hudson's Bay Trading Post, Old Timers' Headquarters, Royal Canadian Mounted Police Veterans' Headquarters, all built of logs, surrounded by Red River Carts, Indian tepees, etc.

Calgary is really going back to the good old days for one glorious week. Citizens to wear cowboy attire. Main business street reserved mornings for saddle horses, Indians, cayuses, chuck-wagons, etc.

Special Exhibition Rates in force from Saskatchewan, Alberta and Eastern British Columbia points, Golden and Revelstoke; and summer tourist rates in force from U.S. and Canadian points to Banff and Lake Louise, with privileges to stop off at Calgary.

Calgary has an ideal Free Auto Camp.

Send for Prize List and Illustrated Folder.

B-h-r: for the thrills and then visit Banff and Lake Louise.

E. L. RICHARDSON, Exhibition Manager. GUY WEADICK, Stampede Manager.

RED DEER BRANCH: H. WILSON, Manager
Branches also at Sylvan Lake, and Rocky Mountain House.

Anticipate Your Requirements For Lumber

Ever improving crop prospects is stimulating buying. If this crop comes off, as present prospects indicate, the demand for lumber and building materials is going to tax the supply, and the problem of delivery will be great.

Allowing four cars of lumber for each of the 1500 years operating in the three Western Provinces would require 6000 cars, which at 25,000 feet of lumber per car, will total 150 million feet. Where is this stock to come from? Delivery will be slow and prices higher.

LATEST NEWS

The sitting of the board of railway commissioners in Calgary will open on July 10, it has been announced.

Mr. M. Macbride, Labor candidate in South Branch, Ont., has sworn out a warrant against John Blackney on a charge of assault and threatening to kill. Macbride said that Blackney assaulted him while he was on his way to address an open meeting near Brantford.

A number of stills have been unearthed in a number of houses in St. Catharines, Ont., recently as a result of quarrels among the men who operated them. The stills were found hidden from some of the disgruntled operatives and the raids followed.

J. R. Murray, general manager of the United Grain Growers, Ltd., stated Wednesday that two weeks ago he declined an offer of chairmanship of the proposed wheat board; that the offer had not been renewed, but that he was of the same mind should he be approached again.

The contract for enlarging the engineering building of the University of Saskatchewan has been awarded to Bennett & White, Calgary, contractors. This firm is now engaged in building the new chemistry building.

J. Grills, proprietor of the Climax hotel at Glenside, Sask., was gagged, bound and robbed of \$600 by unknown persons. He was hit over the head with a bag of nails and stunned—the robbers then rifled the safe.

Attempts made at the opening of the trial of Abbe Delorme, charged with the murder of his half-brother, Raoul Delorme, in January, 1922, to have the question of the abbe's sanity established, failed. The case was ordered by the court to proceed on its merits.

Every train from northern Ontario is filled with beggared settlers, men, women and children who have forsaken their farms and the various small settlements in the path of the forest fire in the Porcupine district around Timmins and Porcupine Junction, according to information received at North Bay.

An effort on the part of opponents of prohibition to twist the municipality of Wanefield, Que., into the wet column, was overwhelmingly defeated at a local option plebiscite taken Monday. The drys won out by a vote of 102 to 16.

William Gibb died at Moncton, N. B., Wednesday, after having suffered from cancer which he contracted in the Canadian National yards.

Holding up the proprietor of the store and throwing him into the coal bin at the rear while they rifled the place, a gang of hold-up men escaped with diamonds and jewelry valued at between \$7,000 and \$8,000 from the premises of Harry Aram, at Montreal.

Thomas Ray, aged 58, Major, Saskatchewan, died at Saskatoon Wednesday following terrible injuries received when he fell under a moving machine on his farm.

Margaret Jeffrey, aged 4, was killed at Stratford, Ont., while playing with a shotgun in the absence of her parents.

The village of Normbora, 18 miles east of Cochrane, Ont., on the Transcontinental railway, was destroyed by bush fires last week.

The French are preparing to confiscate and to requisition a force of 100,000 men to operate the Ruhr valley industries, the output of which may be turned to the account of reparations, according to dispatches received in London.

CROWN HAS NEW SENSATION IN DELORME CASE

Attempt to Forge Another Link in Chain of Circumstantial Evidence

Montreal, June 21.—An attempt to forge another link in the chain of circumstantial evidence against Adolphe Delorme, indicted as the slayer of his half-brother, Raoul, in January, 1922, was made by the prosecution today.

Producing its second sensation, the crown announced that it would bring a witness named Woods to swear that he had seen a man, a figure, a figure that he owned by the priest, driving from near the cleric's residence and later turning in the general direction of the suburbs where the slain boy's body was found.

During the afternoon the prosecution sought to show that Delorme had so misadministered the estate that he had incurred a personal deficit in his own account which he balanced by converting funds from the account of the slain boy. The defence, however, emphasized that all expenses were charged against the priest's account, even the trip which he made with his brother. Furthermore, the value of the estate had been greatly enhanced under the priest's administration.

The solitary witness of the day, William Martineau, who examined the books of the Delorme estate under instructions of the attorney-general, deposed that the priest's accounting of the estate, while not conventional, was of a highly meticulous character. He explained Delorme's administration of the estate from the time of his father's death.

When Delorme assumed his post of administrator the estate was valued at roughly \$250,000. At the time of his brother's murder it was valued at \$250,000.

Mysterious testimony along angles not developed in previous hearings is scheduled for early disclosure by L. L. O'Leary, crown prosecutor. Hints of the evidence to be produced were given in Mr. O'Leary's preliminary address to the jury and supplemented by a trip made tonight to the scene of the crime.

They were just leaving the first tree, where a heavily-built man, holding a handful of perfects, approached his caddies and said:

"Do you smoke, sonny?" "Yes, sir," said the boy eagerly, noting the cigars.

"Guess I'll carry them myself then," said the man, walking away.

FIVE YEARS' AGONY ENDED

When He Took "Fruit-a-lives" For Rheumatism

The Medicine Made From Fruit "Fruit-a-lives" is the long sought remedy for Rheumatism and Lumbago. From all over Canada come testimonies of its efficacy.

Mr. John E. Gulderson of Parrboro, N.S., writes: "I suffered badly from Rheumatism for five years. I tried different medicines—wasted by doctors in Amherst—and here at home—lost the Rheumatism came back."

In 1916, I saw an advertisement for "Fruit-a-lives" and at once ordered a box, so I took them for about two months and the Rheumatism was all gone and I have never felt since. A box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-lives Limited, Ottawa, Ont.

HEBRIDEANS IN THE CITIES

The Farmers' Sun, Toronto, Ontario, published the following article a short time ago:

Of the party of three hundred young single men from the Hebrides who received so much publicity on their arrival in this Province some weeks ago, about one-quarter are now engaged in industrial work in the cities. Instead of on the farms as had been planned, The Department of Agriculture and the Provincial Immigration officials, under whose auspices the party was brought over, are naturally disappointed, although they claim that the matter has been exaggerated in the press. In previous parties of farm immigrants from the Old Country, and other parties that have arrived since, there has been no such depletion of the Immigration officials' claim. They believe that the unusual amount of publicity was partly responsible, and that when the men were in Toronto waiting for trains to carry them to their local destinations, private employment agencies and well-meaning friends got hold of a number of the Hebrideans and advised them to take industrial rather than farm work. Their contract with the Government, under the Empire Settlement Scheme, required that they should stay in the Province for at least one year. While it did not specially state "at farm work" the men knew they had been selected for their farming experience, and before they reached Toronto each man had been placed with a farmer and had been given an introduction and a home to go to when they arrived.

Thomas Ray, aged 58, Major, Saskatchewan, died at Saskatoon Wednesday following terrible injuries received when he fell under a moving machine on his farm.

Margaret Jeffrey, aged 4, was killed at Stratford, Ont., while playing with a shotgun in the absence of her parents.

The village of Normbora, 18 miles east of Cochrane, Ont., on the Transcontinental railway, was destroyed by bush fires last week.

The French are preparing to confiscate and to requisition a force of 100,000 men to operate the Ruhr valley industries, the output of which may be turned to the account of reparations, according to dispatches received in London.

Five more deaths, due directly or indirectly to the hot weather, were reported in Ohio today, bringing the total of those who have died from heat cases in the state since Monday to twenty-seven.

In direct contrast to the prevailing heat were cold spells reported from western New Mexico and parts of Wisconsin.

FEEDING STEERS AT A PROFIT

The observation is made by the Superintendent of the Experimental Station at Scott, Saskatchewan, that hundreds of unfinished cattle are sold each fall in Saskatchewan on a low market, while, from the same farms that furnish them, feed grain is sold at low prices.

This Station it has been the practice to feed a number of steers on such feeds as are ordinarily grown on Saskatchewan farms. In his report for the year 1922, the Superintendent states that the average spread between the price paid for feeders and the price at which the steers were sold was 2.42 cents a pound, for the past five years.

This period includes the year 1920-21, when the selling price was below the purchase price owing to the depreciation of values from wartime to normal prices. That was the only year in which steers were fed at a loss.

The average yearly profit during the five years amounted to \$16.17 per head, excluding labour and interest charges, while the total profit was \$2,429.42. The number of animals fed was 121, and stabling cost of a straw shed such as any farmer can provide.

NO. 2 PACK WOLF CUBS

(Unavoidably crowded out last week)

The Pack camped for the week end at Mr. Ople's farm, about 2 miles west of town on the south side of the river. The camp site was pleasantly situated, with trees on three sides, facing a nice piece of open grass land, on which Cubes could be played.

Seventeen Cubes were in camp, and each boy brought bedding and rations. Mattresses were provided, and one large tent provided sleeping quarters for the boys. After tents were pitched, games were played until dusk, when the boys sat around the camp fire until 9:30, then retired.

Everybody was up at 4:30 next morning. The Cubmaster took the boys for a run whilst Mr. Caswell and Willie O'Leary prepared the cooking fire. From 5 to 6 o'clock was spent in preparing and consuming breakfast of many kinds. Some boys prepared elaborate feasts, some were content with that most easily prepared, Eggs and milk were plentiful and free, and large quantities of each were consumed. After breakfast the Pack divided into two parties, one under the Cubmaster, and one under the assistant Cubmaster, for a hike through the bush, and to see which party could make the best collection of flowers and rocks and pick up or note the most unusual thing or nature. On the return of the parties the collections showed that each boy had been observant and the collections were about equal. Dr. Crummy arrived in camp about 9 a.m. to address the boys, and after hymns, selected by the boys themselves, had been sung, Dr. Crummy addressed the boys.

He told them stories of his travels in Japan, and emphasized the value of outdoor training and sports, and of being observant of the wild things around us.

At the conclusion of the address, the Cubmaster asked the Dr. to present service stars to those who had completed one year's service, and tendered badges to those who had just joined the Pack. At the conclusion of this little ceremony the Cub repeated the Cub Promise and the Cub Law and ended by giving the Grand Howl. As the Doctor left the camp three rousing cheers were given to show appreciation of his inspiring address and kindly interest in the boys. Ice cream was then served all round, and when that was disposed of, all were ordered to lie down and rest for half an hour in the tent.

The dinner time came round, and everybody was busy cooking again. A large pot of potatoes was put on the fire to cook for all, and the atmosphere was perfumed by frying bacon, eggs, steaks, sausages, wieners, etc., the favorite delicacies of the campers. Some boys again favored eggs, as being the easiest to cook. After dinner, more ice cream was served, and the Pack set off for a hike to the old crossing, about half a mile to the west, where the river being high, the boys amused themselves building sand forts and log models of the old building which one time stood near the ford. The imagination of the boys was stirred, and soon Indians were attacking the settlement and the buildings were in flames, but not before the occupants had been gallantly rescued by small boys in the uniform of the Wolf Cubs, who had suddenly turned into buckskin clad pioneers. The Pack returned to camp about 4 p.m., when some of the boys' parents arrived to see them. More ice cream was served, and the boys free to ramble round the camp until supper. Again the cooking pots were brought out, and the lights of cooking one's own meal were indulged in.

After supper, the remainder of the ice cream was disposed of, and kits were packed and tents rolled up ready to strike camp.

A game was played in which one party defended the camp, and another attacked it, then the Zulu boy was sent out, wearing a white cap, and the Pack had to endeavor to catch him, but he eluded them and remained free until the cars came to take the boys home.

The Cubmaster desires to thank all those gentlemen who transported the boys to and from camp, those who donated the cream, and the Manning-Sutherland Lumber Co., taking out and bringing back tents, etc., and Mr. and Mrs. Ople for their great kindness in granting the boys the camp site and the unrestricted run of the farm, and for donating all the eggs and milk the boys required.

WEDNESDAY, JUNE 27th 1923

DOMINION DAY

Next week Canada will be celebrating her national holiday. If we look back over her past history, her present situation in the world, and forward to the prospect which lies before her, so far as that can be gauged, we may find cause for profound thankfulness. This great country with all its wealth has fallen to the lot of our race at a cost far less than that exacted from most people for their heritage. The crucial, but not long continued wars with the French at the time of the taking of Quebec, the gallant and successful resistance to the Americans in the war of 1812, and two or three relatively insignificant Indian or half-breed rebellions, represent practically all the organized defensive struggles that we have had to fight since British settlement in Canada passed the stage of more or less isolated posts or villages. The Indian warfare was much less costly and severe than it might have been when we consider what complete newcomers our race is to this land, and how wholly we have ousted its original inhabitants from the control of it. There must be few instances in the history of the world for such a crucial movement as that of the British race into and over Canada, which has been accomplished at such a small cost in human life. Our struggle has been not so much with men as with nature, and with respect it has been severe enough in all conscience, and the people of this generation will do well to think with respect and gratitude of the men and women who fought the grim and protracted battle against the unconquered wilderness, which has resulted in giving us the Canada of today.

Speakers and writers who dwell often enough on the material resources of our country, and have rightly enough described them as vast almost beyond estimate. Not so much attention is given to the question of the character of the people that is growing up here and the part which it is destined to play in the history of the world. It is not in the sense a young nation, though we tend to think of it as such, for its people have been recruited almost entirely from the old nations of Europe and its civilization is entirely European with trifling modifications. Thanks mainly to the imperial association and to the winter, it has been recruited chiefly from the British and the northern races of Europe, the harder, more law-abiding and more akin to those peoples. The result of the fusion of these races under the healthy climatic and sound economic and political conditions of Canada should be an admirable one. It is difficult to estimate the highly blessings which Canada enjoys in having practically no racial problems of any real bitterness to solve, and no menacing and revengeful enemy just beyond her frontiers.

There is not, to our knowledge, any exact historical parallel of which details are known, for the settlement of North America, the Spanish settlements in Mexico and South America did not wipe out or segregate the native races in anything like the way the Anglo-Saxon settlement in North America has done. It is not easy to gauge how our people is likely to develop, but we may hope that the development will be towards giving us a really fine people. What this means to the world may perhaps be suggested. The European civilization is rocking under the shock of war and persistent national feuds. In Asia and from Asia to Australia there is growing up what looks like an inevitable challenge to the whole supremacy of the white race in that region. Africa can never be force of climate and numbers be really a white man's country. Under such circumstances it may perhaps be that Canada will eventually become the ultimate fortress and rallying ground of the Aryan race and its civilization. That is looking a long way ahead from the scattered millions of today, but the marvellous growth of the Empire from its starting point in the British Isles should warn us not to say "impossible" in any such suggestion. We are "citizens of no mean city" now. Our descendants may be citizens of a very great nation.

THE UNITED STATES SHIPPING LAW AND PROHIBITION

Report for international community has never been a strong point with the U. S. Government. The manner of their attacking their independence made Americans abnormally suspicious of other nations, beginning with Great Britain and including all

on either side of the question, and as such probably appealed to the Manitoba voters. Whether it will do so here in Alberta is by no means certain.

A WORD OF CAUTION

The excellent rains all over the West, and their splendid effect on the growing crops, have sent a wave of optimism through all sections of the people. It is felt that the period of depression is coming to an end, and that another period of rapid expansion and growth is at hand. We noticed recently one of the Calgary papers toyed with the idea of that city troubling its population in the next fifteen years or so. We hope it will do so. The general feeling of optimism is an excellent thing, but there is one good reason why it will not mean prosperity for an indefinite period, and will justify either the authorities or communities in launching out into great schemes of expansion without solid basis behind them, and without due consideration of the line of retrenchment if the anticipated prosperity does not continue as long as the last boom, when resources were wasted and obligations incurred quite in excess of what was justified by the then situation. It is to be hoped that there will be no expectations of this nature, though it is to be feared that there will be, for few of us really learn by experience. By all means let us be optimistic, but there be also a measure of reason in our optimism.

EDITORIAL NOTES

As was to be expected, Calgary and Edmonton papers are disputing the rights of those two cities to have an other senator appointed from their midst. Frank Oliver is the logical appointment, but the least of his qualifications is that he lives in Edmonton. We would support him even if he lived in Calgary.

Caterpillars have been doing an immense amount of damage in the north to poplar trees. In places they are reported to have stripped the leaves and then taken to the grass and grain. The best thing that could happen to the district would be heavy steady rains, and we think these were very prevalent last week.

The veterans of the war, and those of the people who still feel grateful for the money they have been keeping close tab on the pensions bill. They want to know and at once why the Senate has refused to give the bill its second reading. Papers partisan to the senate report that the reason is that the House of Commons did not follow sufficiently the report of the Royal Commission. Those particular to the Government, and their number is always greater than others, blame the senate for playing politics at the expense of the health and lives of ex-service men. With the great Veterans' reunion just at hand, it does not seem to be a very good thing that the House of Commons has stirred up a hornet's nest.

Robert Smillie, labor leader in England, has secured a seat in parliament after eight unsuccessful attempts. He is in a class with the spider which was supposed to have stirred Bruce to further attempts. Joe Clarke isn't in the same class.

The parts of Victoria Ave that have been gravelled are in a very bad shape and cars have difficulty in getting along. This should be remedied, as it has a very bad impression on motorists travelling through the city.

After the indignation, real or feigned, which appeared in so many of the American papers when the English expedition was excavating and opening tombs in Egypt, it is rather odd that they have so much interest in and support for the American archaeological who is digging up scores of mummies in England in his search for the remains of Pocahontas. And, compared to the great historical value of the Egyptian discoveries, the question of whether the bones of the great Indian Princess are to remain in England or come to the States, is a trivial affair.

Detective—"You can't remember what night this happened?"
 "No, I was so excited at the time; I only remember I was in my bath."
 Detective—"Say no more, lady—I have it—it was Saturday night."

THE MANITOBA LIQUOR REFERENDUM

By a considerable majority, the people of Manitoba have voted in favour of government control and sale of liquor, thus reversing the former vote for total prohibition. The result is of considerable interest for us here in view of the conflicting opinions as to the meaning of the Manitoba vote. It is definitely hoped that prohibition. Probably several elements have entered into this result. First, those who like the law or other liquors for their own sakes, and want to have them sold lawfully. Those who do not themselves want liquor, but do not consider it justifiable or wise to suppress forcibly others who do want it of their right to get it. Third, there are those who have seen the amount of law-breaking resulting from prohibition, and the bad and poisonous liquor sold by unscrupulous persons at high prices, and therefore consider that less harm will result to the community from a controlled sale of sound liquor by the government. Fourth, there may be a small class who think that in the present times the revenue to be set by the government from the sale of liquor makes it worth while to introduce government control. We rather think that it is the third class of people who have really determined the result in Manitoba. Prohibition certainly has excellent points in its favor. The liquor traffic has little to be said in its favor. It is, and has been, a bad thing for the world at large when in the hands of private individuals. Yet the rigid prohibition which has been tried in Canada recently savors rather too much of extremism to appeal to the average Briton. We are not a race of extremists. It may be that it would be better for us if we were, but the fact remains that we are not. Compromise is rather our habit, and a controlled and restricted sale of liquor by the government seems to be in the nature of a compromise between the extreme views

CONDOR U.F.A.

A meeting of the above was held in the Community Hall on Saturday, 16th, with nine members present. On the motion of H. Meeres and J. Simmons, S. Hastie took the chair in the absence of the President, A. L. MacDonald.

The minutes of the previous meeting were adopted. Mr. Meeres and J. Simmons were appointed delegates to the Convention of the Livestock Shipping Association in Red Deer on July 3rd and also to the Provincial Political Convention at night.

Mr. Meeres spoke briefly on the Livestock Shipping Association, and pointed out that while it has a name and officers, it has no real organization, as its members are under no contract to ship their cattle through their own organization, and he asked the meeting for the consent of its members to bring this matter up at the Convention. Mr. Meeres was promised the support of his Local in this respect.

Letting Mr. Meeres be next discussed. Members are asked to notify the secretary if they wish to purchase same through their Local.

Under the heading of old business, the U.F.A. picnic was brought up. On the motion of H. Meeres and J. Simmons, the date was altered to August 31st. It was moved by B. Hewitt and seconded by J. Stenhouse, that owing to the small attendance at the picnic, a special meeting should be held on July 30th to arrange for the picnic. All members are requested to be present.

On motion of H. Meeres and J. Stenhouse, the meeting adjourned.
 D. S. Hastie, Sec-Treas.

WOMEN'S INSTITUTE AT CONDOR

A highly successful joint meeting of the Hespero and Condor W.I. was held at the home of Mrs. Hastie on Wednesday, June 20th. There were twenty-five members present, and three visitors from Hespero, the President, Mrs. MacDonald, the Secretary, Mrs. Thredgold, and Mrs. H. Meeres.

The speaker on this occasion was Mrs. McDougall from Penhold. She spoke mostly on Institute work, and in the course of her lecture gave much useful information and several valuable hints towards making the Institute interesting and of more value to the community. Mrs. McDougall outlined the work of the Institute and explained the correct procedure on different occasions.

Each Institute was requested to have eight of its members write a paper on eight subjects chosen by headquarters; these papers to be discussed at the meetings and then taken to the various addresses designated by Mrs. McDougall. They will then be called over, the best selected from each, and the synopsis sent to Ottawa. If properly carried out some very useful knowledge should be advanced from these papers.

The subjects given are: Immigration, allotted to Mrs. Frost. Legislation, to Mrs. Hastie. Civil Welfare and Public Health, to Miss B. Eastman. Agriculture, to Mrs. H. Meeres. Education and Better Schools, to Mrs. B. Baker. Household Economics, to Mrs. Lee Haymond. Canadianization and National Events, to Mrs. H. J. Eastman.

At the close of her lecture, Mrs. McDougall was given a hearty vote of thanks on the motion of Mrs. Baker and Mrs. E. Meeres. Lunch was served by Mrs. Reeser and Mrs. Meredith, after which the meeting adjourned till July 12th. The meeting will be held at Mrs. H. J. Eastman's, the lecture being on "Refining Stockings," given by Mrs. Nagas, who will give a demonstration of this feat.

W.C.T.U. NOTES

The regular monthly meeting of the W.C.T.U. was held on Wednesday afternoon, June 27th. The Devotional Superintendent chose for her reading Psalm 137, Chapter, "Praising God in his goodness."

The meeting was given over to the work of the Flower, Fruit and Del-

WHY

You should buy your Suits from
MUNRO & BAINES

BECAUSE

The goods made up in our clothing are manufactured by the highest class mills in Great Britain, such as Salts, of Saltaire, Yorks; Fox's, of Wellington, Somerset; Heather Mills, of Selkirk, Scotland, and others. The big people of the cloth industry. Such names spell guaranteed satisfaction.

1st STREET SOUTH—A little out of the way, but a saving in every step.

**Opposite Ford Garage
First Street S.**

The crops were heavy, and the field hands were few. Since Warren, who owned one of the largest farms in the country, tried to induce even Ned Blodgett, the laziest man in the village, to help with the harvest.

"Well, Sir," said Ned, laying down his whittling, "how much will you pay me to work for you?"

"I pay every man what he's worth," answered Sir Warren.

Ned scratched his head meditatively, then he picked up his whittling, "No, Sir," he drawled, "I can't work that cheap."

EXAMINER'S REVIEW OF PROVINCIAL MARKETS

Calgary, June 21st.

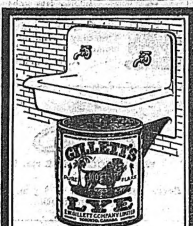

Cattle—Not much quality to be met at Calgary this week, with the exception of some feed lot contract steers at \$7.00; especially females. Choice light, \$6 to \$6.50; good, \$5 to \$5.50; medium, \$4 to \$5; common, \$3 to \$4. Choice cows, \$5 to \$5.25; good, \$4 to \$5; medium, \$3 to \$4; common, \$2 to \$2.50; canners, \$1.50. Not many choice heifers, tops probably \$5.50. Bulls scarce with few choice, probably worth \$2.50; plain ones, \$1.50 up. More calves moving, few tops at \$8, other good light ones at \$6; common, \$2.50 to \$4.50. Feeders, Stockers. Better demand in this section on the hills, prices about steady, steers \$4 to \$4.50; stockers, \$3 to \$4. Heifers, \$2.25 to \$3.25. Cows, \$2 to \$3.

Beef—On grain fed cattle Edmonton market held fairly steady but lower, but there was a break in grass steers, \$3.25 to \$3.75; choice light, \$6 to \$6.50; good, \$5.50 to \$6; medium, \$4.50 to \$5; common, \$3 to \$3.50; \$4 to \$4.50; good, \$3.50 to \$4; medium, \$2.50 to \$3.25; common, \$2 to \$2.50; canners, \$1.50 to \$2. Choice heifers will make up to \$5, with a top of \$5.50. Bulls lower with choice \$3; most of them \$2.25 to \$2.50. Calves lower, tops less to \$2.50. Common, \$2.50 to \$3.50. Feeders, Stockers—Feeder steers, \$3 to \$4.50; stockers, \$2 to \$4. Stock heifers, \$2 to \$3.50; cows, \$1.50 to \$2.50.

Hogs—Calgary hogs sold steadily last week-end at \$5.50 to \$5.75; this week prices on thick smooths held about steady and today's sales at \$5.55. Edmonton hog prices fairly steady all week and not many coming; thick smooths from \$8 to \$8.50, with bulk of sales \$8.25.

Sheep—Calgary receipts very light, not enough to establish prices. The province during the past week or in some of the Peace River districts, where they were reported a little dry they have had moisture, rains and showers with fine growing weather has characterized practically the whole of the province. There is bound to be a big crop unless something unusual happens and under almost any conditions the crop will be good. Markets have been weakening during the past few days after making a little gain at the close of the week.

Butter—Cream—Cheese—Creamery Butter—Prices unchanged during the week, except that some car lots are not bringing as much, with the prices now \$20 to \$21, basis receipts; prints and cartons, 35c to 36c for No. 1, with 31c to 32c on No. 2.

SINKS AND DRAINS

Use a little of Gillett's Lye when kitchen or bathroom drains are clogged. It works wonders! Use it also for cleaning and disinfecting Closets, Bowls, for softening water, making soap cleaning dirty floors and scrubbing stoves. It has over 500 different uses and a can should be kept handy in every home. Avoid costly and dangerous substitutes. Insist on the genuine

2. Coast market fairly good, but Saskatchewan giving us competition, eastern markets a little better this week. Dairy Butters—Receipts somewhat larger; fancy table at markets 22c to 25c; dealers buy on grade 15c to 20c. Cream—Prices unchanged, with large receipts reported at all creameries; prices likely to hold as long as butter unchanged. Cheese—Large make reported; liberal milk receipts.

Eggs—Receipts light at Calgary; prices unchanged until quality improved; dealers quote straight receipts 15c; grade No. 1, 13c; No. 2, 13c; cracks, 10c. Poultry—Receipts light; some broilers coming; bringing around 25c alive.

Potatoes—New B. C. crop now coming over to the prairies, weakening prices on old stock; Calgary dealers now report offers of good grade at 12c delivered. Hay—Prospects of very heavy yield of wild and tame hay; dealers report business light; prices on limited

quantities, purchased unchanged. Hides—Dealers report tanners still indifferent buyers; prices unchanged with green salted butchers hides 6c to 7c. Trading in eastern wool centres reported to be more active on both sides.

Fur—Market quiet and likely hold unchanged until Montreal auction on June 25.

BOY SCOUT CAMP

The Second Red Deer Troop of Boy Scouts left the city on Saturday, June 24th, and spent a very pleasant week-end at the old crossing, west of the city. The trip had been planned for two weeks previous, but the wet weather kept us at home. Ten boys were on the camp, and all had a good time. One boy made a tent, and a "pup" made of a blanket were soon up and ready for the night, and the hungry boys started to make supper. It was a real fire-lighting test, as the wind was so strong on the river bank, and some of the Scouts ate cold suppers. The evening was spent in games, the Scouts winning the skin the snake, relay race, and first aid, and the Curlew took every point in the snail race. It was great fun running around with bare feet on the cool grass. All the boys were in the tents by 10 p.m., but there was very little sleep all night. The S. M. was told at 12 that the kettle was boiling, and another wanted to have breakfast at 3 a.m. It was a beautiful morning at 4 a.m., and every boy was up and running around. The gophers wondered what was wrong and the birds were wakened by the shouts of the boys.

By 7 o'clock everyone was washed and was busy cooking breakfast, and bacon and eggs and waffles were sizzling in the pans and some landed in the fire. The tenderfeet were having a great time with their bonfires, and one was trying to roll his billy on three sticks.

At 9 a.m. the troop rallied round the flag for the day's duties. It was so warm that after a talk on first aid and accidents, a little demonstration of bandaging and knot tying, the boys spent the rest of the morning paddling in the river.

The water was too dirty and the current too strong for swimming, and so they had to be content with washing their feet. After dinner the boys were allowed to roam around, but they stayed around the camp and tried their luck at catching gophers. Before supper time came, the skies grew dark and the rain came down, and while the Scouts tried to keep smiling, it was a hard job. They began to think they would be left out another night, and one started his first class hike for home. He didn't qualify, as he got a lift in a car. The others were all glad to see Dr.

Sanders and Mr. Bullock arrive, and they didn't wait for any orders to go. The Scouts passed the second class fire lighting and cooking test, and Keith showed that he could cycle on his back, and looked after the routes during the stay in camp. It was the first time most of the boys had ever slept out in a tent and it was a new experience for them, but they played the game like good scouts and are looking forward to our next weekend camp. On Friday evening, June 22nd, Dr. Sanders visited the troop, examined the following Scouts in their first aid work and reported they had all passed the test.

Scouts Sidney Snell, Dennis Snell, David Stephenson, Kenneth Smith, Coast, Humboldt.

The following tenderfeet also passed the second class compass test: Glen Michaels, W. Bullock, J. Sanders and P. Wright.

The boys are making headway in their second class work and five of them are busy on their first class tests.

A short talk on sketch maps was given by the S. M. that will be the subject for the first class Scouts next week.

Before dismissing Scout Sidney Snell was presented with a book, "The Boy Scout's Guide to the World," for having won his naturalist badge. This book is a gift from the Department of the Interior. Scouts winning this proficiency badge and one that every Scout should try to win. It is a very interesting book, and we hope he will enjoy his new book. Glen is another naturalist, being a bug. The next weekend camp will be for Scouts passing their first class tests and will probably be held next weekend at Sylvan Lake.

THE CITY AND THE WESTERN GENERAL

To the Editor of The News.

Dear Sir—

The question is frequently asked, what is the plant of the "Western General" worth if, eventually, the city has to purchase it?

To answer that with any approach to accuracy many things must be taken into account: the original cost; depreciation; the superior material; original cost and working expenses with other similar plants; its present market value.

In 1916 the Company stated that the capital expenditure was approximately \$148,000. The John Galt Co., who valued the plant in December, 1911, in their report to the Council, said, "In general we believe that \$91,000 for the work and material, when used in the plant on the high side, and that the average depreciation allowed (approximately 25 per cent.) is reasonable, considering the age and condition of the various parts of the plant."

Since then extensions of the telephone, light and power into the country and town, necessitating additional outlay in poles and wires, have been made, but at the same time increasing the revenue.

In 1921 the provincial government purchased the telephone system for \$85,000, the Company in the first instance asking \$100,000. The independent expert's valuation being \$55,000, just one half of that of the Company. The government, on taking it over, practically rebuilt the whole system. The only deduction to be drawn from this fact is that it was out of date, or else worn out.

Hitherto it has been difficult to obtain definite data from other towns of similar population and conditions, but recently the Dominion Government has been dealing with plants with electrical plants in Canada, from which comparisons can be drawn with Red Deer. The following data is for the year 1920:

Canmore—Population, 1922. Plant installed in 1905. Capital invested in plant and equipment, \$55,000. Total horse power, 255. 17 miles of wooden pole lines. Power generated, 430,000 k.w. hours. Use of power, lighting 55%; general manufacturing 14%.

Lacombe—Population, 1923. Steam power plant installed in 1909. Capital invested, \$25,000. Total horse power, 253. 9 miles of wooden pole lines. Power generated, 19,851 k.w. hours. Use of power, 70%; general power purposes 30%.

Wetaskiwin—Population, 2061. Plant installed in 1905. Capital invested in plant and equipment, \$61,000. Total horse power, 550. 6 miles of wooden pole lines. Power generated, 430,000 k.w. hours. Use of power, lighting 56.3%; general manufacturing 3.7%.

Estevan, Sask.—Population, 2939. Plant installed in 1911. Capital invested in plant and equipment, \$75,700. Total horse power, 255. 8 miles of wooden pole lines. Power generated, 260,528 k.w. hours. Use of power, lighting 75%; general power purposes 25%.

Red Deer—Population, 2328. Plant installed in 1905. Capital invested in plant and equipment, not stated. Total horse power, 476. 5 miles of wooden pole lines. Power generated, 241,002. Use of power, lighting 76%; general manufacturing 10%; general power purposes 14%.

If a study is made of these figures it will be seen that the plant at Red Deer is the oldest, its mileage of wire the least, its output of k.w. hours the smallest for horse power; the only one not giving the amount of capital invested, and with the exception of Wetaskiwin, has the largest amount of wire and the greatest population. The rates for light and power are more, except Wetaskiwin, than in these other towns. Every one of these have added new and more modern machinery to their equipment since their original installation, whilst the Red Deer plant is practically as it was in 1906, except for depreciation. How, then, is it that Red Deer has to pay more for its electricity than other towns of similar size? The cost of labour, coal and supplies are about equal in these places, and in Estevan coal costs more than here. Only one explanation is possible—they are municipally owned and operated, or the convenience and benefit of their respective citizens, whilst no such conditions exist here.

Surely the time has come when citizens should arouse themselves, and demand that steps be taken to put us on a more equitable basis with our neighbours for light and power.

J. W. BROUGHTON.

COMING EVENTS

Red Deer Fair, July 23, 24, 25.

The postponed meeting of the Crooklands U.F.W.A. Local 220, will be held at the home of Mrs. A. Forrester, Wednesday afternoon, July 11th, at 2.30.

The Cricket Club whilst drive and dance, on July 2nd; at which the Calgary C.P.R. team will be entertained, will be held in the Alexandra hall, in the K.P. hall, as previously advertised.

A community basket picnic will be held by the Valley Centre school and the Hillside Valley Women's Institute at Robt. Kaiser's, June 30th, to commence at noon. Ladies please bring baskets. Everybody welcome.

Owing to the stormy weather, the meeting called for Saturday last by the directors' wives of the Red Deer Fair was postponed to Wednesday, June 27th, in the city hall, at 3.30 o'clock. All ladies interested in helping out the Fair are urged to attend this meeting today.

The annual picnic of the congregation and Sunday school of Knox church will be held this Friday afternoon, June 29, on the grounds directly south of the residence of Mr. John J. Gaetz. Adults and children are asked to meet at the church hall at 3 o'clock. Supper will be served about 6 o'clock. Parents to bring baskets and dishes enough for their own family.

A PLEASANT RECITAL

A number of parents and friends gathered at the home of Mrs. G. P. Simons last Friday and enjoyed a unique musical evening, when four of Mrs. Simons' youngest pupils, the Misses Jean and Muriel Harvey, Joan Porter and Ralph Berry, were presented in pianoforte recital. Two of these little tots, Jean Harvey and Joan Porter, have not yet attended school and one speculated as to what they would be able to do. They astonished everyone with their performance; their intelligent interpretations, touch and technique, showed they fully understood and appreciated their elementary studies. The first little girl had been placed and the latter had, of which were played from memory, which is a feature worthy of special import. Miss Muriel Harvey also displayed much promise in the rendering of her various selections. A very creditable exhibition was evidenced in Master Ralph Berry's playing. He is just able to reach the pedals and uses them correctly—a good effect. It is his tuition of a few months has developed him thus far, with continued study in the same direction he ought to accomplish a great deal. A delightful surprise was the duet, "Military Serenade," Schumann, played by Joan Porter and his talented sister. Now, this is quite a large undertaking which are to be of some real difficulties, but they went through the entire number in graceful style and marked rhythm.

Miss Daisy Gaetz most ably assisted by singing a number of charming songs, including "A Memory," Thomas, "Indian River Song," Fladen, and "Be Not Extremes, O Lord," from the Oration "The Light of Life," by Bear. Miss Gaetz' vocal work has progressed apace and she sings with good style and authority. She sang not only in English, but in French and Italian; the fruits of excellent tuition combined with strenuous study, which has culminated in developing a most versatile and facile presentation of different productions. Her enunciation is remarkably good, and with further study along similar lines, she will arrive at proud results.

At the close of the recital, Mrs. Simons, by request, sang "The Slave Song," Del Riego, revealing her sweeping dramatic power and passionate expression, after which "The Rosary" sung with such spiritual fervour and intense emotion that tears were brought to the eyes of her audience; truly a rare voice of a young beauty.

And so the evening concluded. Too much credit cannot be given to Mrs. Simons in bringing these young children to such a stage of perfection and also in relation to her vocal pupils as well.

78th BATTERY CANADIAN FIELD ARTILLERY

Battery Orders, Week Ending June 30th.

Gun Practice, Miniature Range—The range is now ready for out-door practice, and practice will be held Monday and Thursday evenings each week until camp, from 8 p.m. to 9.30 p.m.

Gun-Layers—Signalers—All gun-layers and signalers are required to attend as many practices as possible before proceeding to Firing Camp. The miniature range affords the same facilities for certain parts of the training as the Practice Camp. Gun-laying, and Ranging, and Telephonic communication, with reels and cable, can be carried out, which will make towards greater efficiency in camp.

Practice Camp—All ranks are required to attend Practice Camp. Those who, through illness or other reasons find they will be unable to attend, must apply for leave of absence, which can only be granted by the General Officer Commanding the District.

It is imperative that those able to attend send in their names at once as a list has to be compiled and sent to headquarters before the 5th July.

Prizes at Camp—Valuable prizes are offered for the various competitions held in camp. It is hoped that all N.C.O.s and men will make an effort to secure some of these prizes.

R. C. LISTER, Major.
